## INTRODUCTION

This consumable Workbook consists of a variety of exercises and activities that complement the Student Book lesson units and reinforce the vocabulary and structures introduced. Some of the activities form an integral part of a lesson while others provide additional practice or challenge.

The Workbook includes also crossword puzzles that reinforce the vocabulary and familiarize the student with the use of word definitions. These are intended as independent activities and answer keys are provided in the Workbook.

At the end of the Workbook is a Proofreading Checklist that will help the student in editing his or her writing before it is handed in to the teacher.
